Why cannot the Supdt also do the writers work? ~~and~~ Is a pen necessary in such a school? If weaving & carpentry are both taught why should the school be called a weaving school? Contingencies Rs 12/- seems rather heavy as a school like that should be able to sell the articles produced at a profit and a fixed permanent advance for materials with a small contingent grant of Rs 5/- pm should suffice.

25/3

Solid The Weaving School at Chittaldrug is a private school and not a Govt institution A grant in aid of Rs 30 is recommended for the School.

It is matter for orders whether inquiry may be made as to why the total cost of the school may not be reduced in the manner indicated in the financial Secy's note

Secy 30/3/12

proposed to be maintained at a cost of Rs 66/- per mensem,

NOTE—Contra sheet

C I B—20 000—20 1 13

Submitted to His Highness

The Inspector General of Education recommends a monthly grant of Rs 30 to the Weaving School at Chitaldurg started in January 1911 with effect from the 1st July 1912 This involves an additional cost of Rs 360 per annum to the State Funds The proposed monthly cost of the Weaving School will be Rs 66 a month or Rs 792 per annum The Financial Secretary, while suggesting that the total cost of the school may be reduced thinks that a fixed permanent advance for materials with a small contingent grant of Rs 5 per mensem in addition to the profits realized by the sale of the articles manufactured should suffice

2 The First Councillor is of opinion that as the Institution is a private one and it is considered better to try how it would get on, the grant-in-aid proposed by the Inspector General may be sanctioned I agreed with the First Councillor but as this opinion differed from that of the Financial Secretary the matter was again referred to him under para 8 of the Government Order of 6th May 1907

3 The Financial Secretary now states that the

6

proper scale of expenditure for the school should be Rs 45 a month and that a grant of one third of this amount or Rs 15 per mensem would in his opinion be suitable

4 I submit the papers for orders The amount involved in the difference of opinion is small The lower or the higher amount may be sanctioned as His Highness thinks suitable

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

Bangalore 6th March 1912

From

The *Inspector General of Education in Mysore*

To

C S Balasundaram Iyer, Esq , B A ,
Offg Secretary to the Government of H H the Maharaja of
Mysore, General and Revenue Departments, Bangalore

Sir

I have the honour to inform you that a Weaving School is reported to have been started at Chitaldrug in January 1911 in the Government Old Mahal buildings with 25 pupils There are 24 pupils attending it at present, most of whom are from the local Anglo-Vernacular and Purjanahatti Branch Schools The school is working only for 2 hours in the afternoon The staff consists of one local Weaver, one Carpenter besides a Superintendent and a writer All of them have been working gratuitously on the expectation that Government would support it with a liberal grant It is proposed that the present staff should be paid as follows -

1	Weaving Mastry	R 15/- a month
2	Carpentry Mastry	Rs 15/- a month
3	Superintendent	Rs 10/- a month
4	Writer	Rs 8/- a month
5	Peon	Rs 6/- a month
6	Contingencies	Rs 12/- a month

Thus the total cost proposed will be Rs 66/- a month A lump sum grant of Rs 100/- was paid from the District Fund to maintain the institution till it is made permanent The Deputy Commissioner, the Deputy Inspector of Schools Chitaldrug District and the citizens of Chitaldrug are taking keen interest in the affairs of the School At the request of the

Deputy

Deputy Commissioner the Weaving Maistry of the Malakalmuru Weaving School was deputed to train the boys of the school in the improved methods of working on fly-shuttle looms The local weavers are reported to take great interest in it and are anxious to have a permanent Weaving School at Chitaldrug Besides Weaving, Carpentry, Rattan work and Mat making are also being attempted on a small scale The Deputy Commissioner is of opinion that a permanent Industrial School combining Weaving Carpentry etc is a real necessity in the backward District of Chitaldrug Since this District is in a backward condition, he says that an institution of this kind which has been working satisfactorily should be permanently established there Under these circumstances I request that Government may be pleased to sanction a monthly grant of Rs 30/- for the school with effect from 1st July 1912, and order the inclusion of the amount in the State Fund Budget Estimates for 1912-13 as a tentative measure.

I have the honour to be,

Sir,

Your most obedient servant,

Assistant to the Inspector General of Education,

For Inspector General
